## MORE THAN 100 YEARS OF EXPERIENCE IN THE FABRICS SECTOR

Manifattura Corti found in 1913 in Brianza by the entrepreneur Mario Corti, is now run by the fourth generation of the family.

OUR COMPANY OFFERS  
a wide range of articles available in stock and the possibility of producing fabrics and tapes upon request to meet any customer's needs using yarns made of acrylic, polyester, polypropylene, nylon, linen and cotton fiber.

OUR CORE VALUE  
is flexibility and our staff knows how to satisfy customers' needs by guaranteeing product quality and costs savings in the shortest possible time frame.

## OUR SIESTA TEXTURE

Premium line 100% solution dyed acrylic fabric suitable for upholstery, cushions and outdoor decoration.

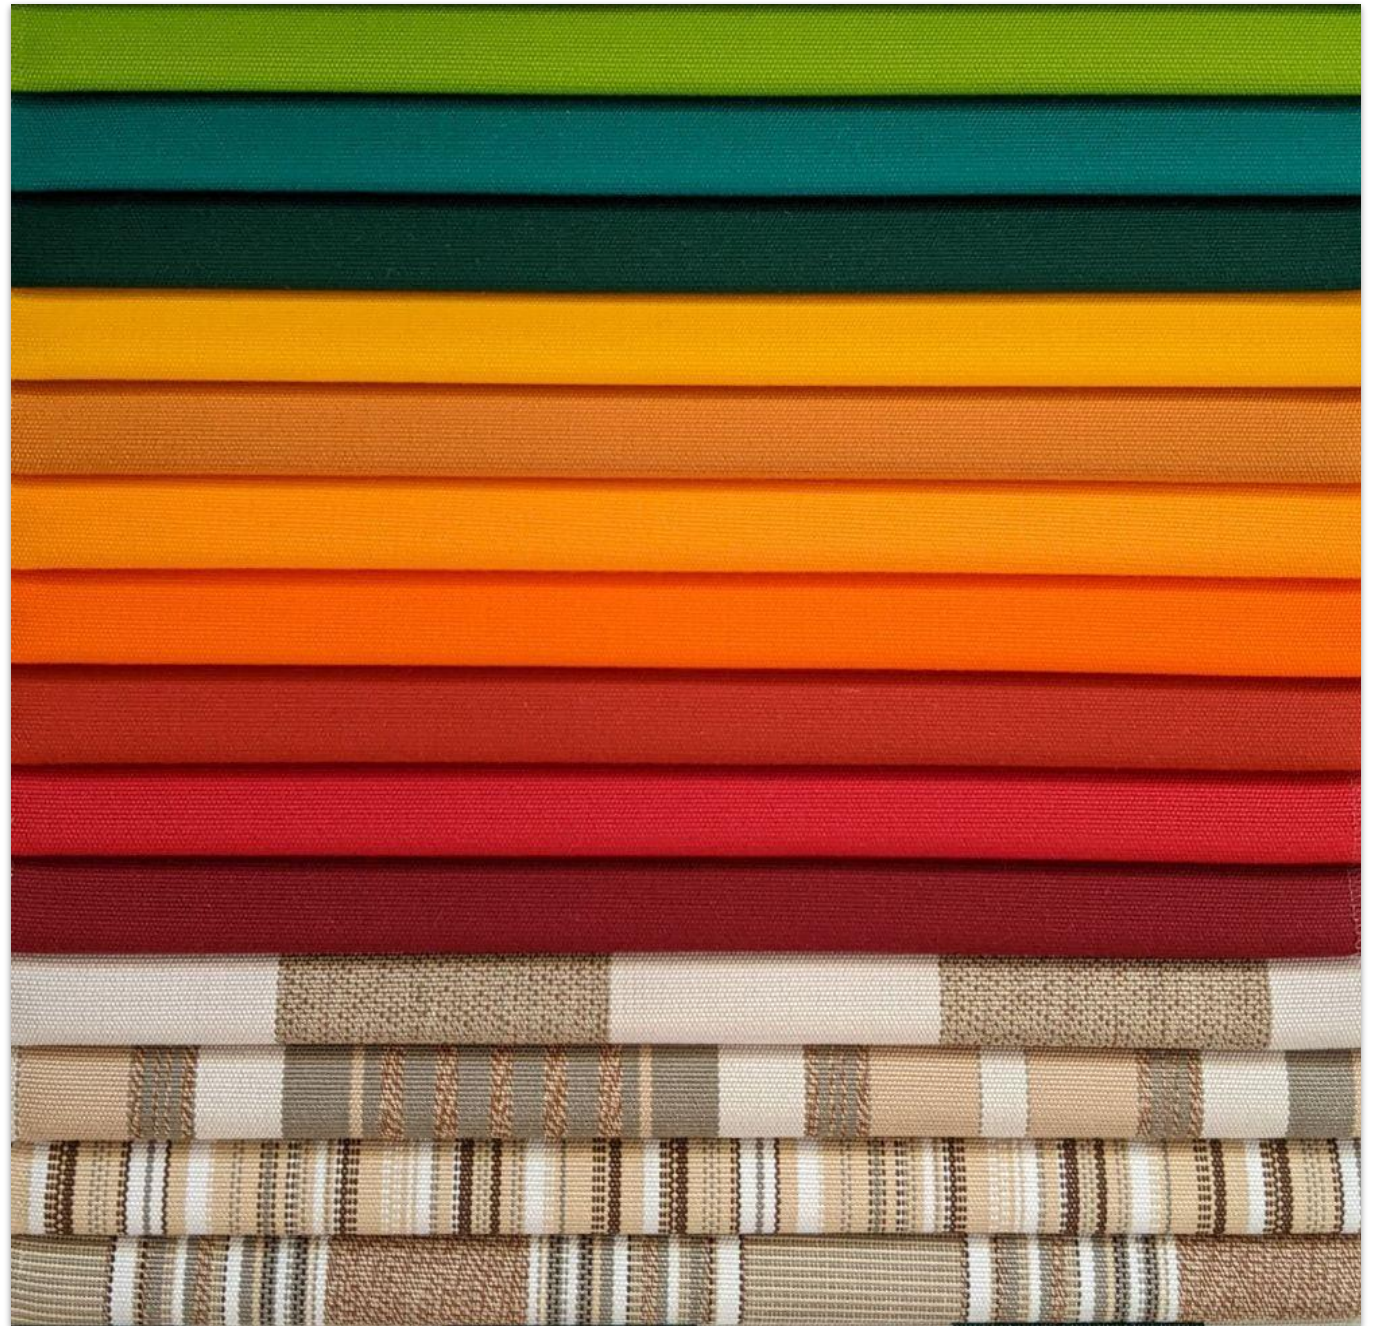

Great choice of colours, designs and patterns (over 150 versions available).

Siesta Texture is manufactured in width 140 cm., has a weight of 270 gr/sqm and a guaranteed breaking load of 1100 N in warp and 680 N in weft.

A special finishing makes the fabric water-repellent, stain-resistant and resistant to moulds and bacteria and the colour fastness is guaranteed for a period of 5 years.

Thanks to the stability in weft the fabric can be machine washed at 30° Celsius with neutral soap

THE HIGH QUALITY OF THE FABRICS IS GUARANTEED by the use of machinery and advance equipment constantly modernized by our exclusive capability to manage internally the entire lifecycle, from weaving to finishing according to STANDARD 100 by OEKO-TEX® label and ISO 9001

## SIESTA OUTDOOR and SIESTA TEXTURE

A new collection of outdoor and indoor fabrics entirely made with our unique yarn.

The yarn is spinned with 100% solution dyed acrylic fiber.

The yarn has been developed for special applications which require high levels of weather and light fastness for awnings, indoor/outdoor furniture, boat covers, car tops etc.

Its smooth surface brings excellent soil repellency to the fabric.

The fabric is entirely made in our facilities, the yarn is twisted, warped and woven with our state-of-the-art weaving machines.

Last but not least the raw fabric is finished in our finishing department. Different properties are conferred by modification of the surface energy of textile fibers: mechanical strength, flexibility, breathability, and softness. Every kind of fabric has is special treatment.

## OUR COMPANY OFFERS

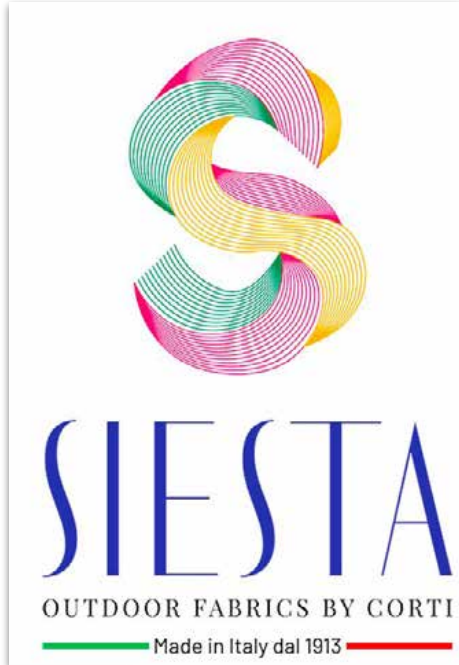

A complete collection with a wide range of articles, immediately available. The possibility to produce fabrics and ribbons according to the specific requirements of our Customers using yarns of acrylic, polyester, polypropylene, nylon, linen and cotton fiber .With this presentation we would like to focus on our outdoor furnishing sector.
