KWC

Middle East LLC

KWC is a renowned global company specializing in innovative and resource-efficient water management systems: fittings & system solutions for private households, public commercial facilities & medical sector. With a robust presence in the Middle East, KWC boasts a vast production facility and cutting-edge technology to cater to specific demands in the region. The company prides itself on a legacy of Swiss craftsmanship and a rich history spanning 150 years. With three operational sectors namely KWC Home, KWC Professional & KWC Medical, we spread our expertise across two continents with six major production sites. KWC Middle East specializes in accessories & fixtures made of stainless steel with Nano-coating specifically for (semi-) public & commercial sectors.

KWC

Company Profile

Bath

Here is where we start and end the day. The bathroom is a special place – a comfortable, safe oasis of well-being. KWC has the perfect fittings: functional, easy to use, and award-winning.

Our Middle East Headquarters & production facility in Ras Al Khaimah promises tailored solutions with unparalleled quality & shortest lead times.

- In-house powder coating facilities.
- On demand customized solutions due to our own fabrication & production facility.
- Dedicated After-sales & customer support.
- Research & Development team for innovation-led product development.
- Most of our products adhere to the Gulf Conformity mark & CE mark (suitable for selling in European Union). We are also certified by TUV Rheinland Middle to the Management System ISO 9001:2015, ISO 14001:2015 and OHSAS 18001:2007

Barrier-free sanitary facilities

Barrier-free sanitary rooms in clinics and care facilities require stable, ergonomically designed aids: folding handles, support handles, folding shower seats. They provide safety and support. We offer a selection of these, also for private use.

Gastronomy

When it comes to providing faucets for the catering sector, we are up there with the world's best. Our speciality in this area is the KWC GASTRO lever mixer for large and commercial kitchens, which cleverly combines convenience, efficiency and performance.

Public washrooms

Our core focus is on smart equipment for sanitary rooms in (semi)-public and commercial facilities. Our system solutions are impressive thanks to their safety, sustainability and hygiene.

Medical Solution

Taps, spouts and water temperature monitoring systems as well as special cleaning products such as Ward washer disinfectors, Instrument washer disinfectors for the medical sector. KWC DEKO offers the right solutions aimed at hygiene, safety & sustainability.

KWC Home

High-quality bathroom, shower and kitchen fittings featuring ergonomics and style: comfort and safety for your own private oasis of well-being.

KWC Professional

System solutions for public and commercial sanitary rooms: modular, water efficient – for maximum safety and hygiene.

KWC Medical

Where hygiene and disinfection are the determining factors, KWC DEKO disinfection units are the solution: premium products for the healthcare sector.
